2007

Goa

29 - 30 june 2007
Holiday Inn, Goa

Dear Colleagues

It gives us great pleasure in inviting you all to a mid-annual respiratory update in fun filled Goa. This meeting conducted under the auspices of the western chapter of the indian chest society promises to show you basic approaches to common respiratory diseases as well as update you on recent exciting advances in the field of respiratory medicine. We have put together a selected group of international and national experts who will be at your disposal throughout the 2 days - both on and off the pitch. Almost all the faculty members work in teaching institutes thus providing a wealth of experience and clinical knowledge. Topics ranging from asthma and anti IgE, NIV in acute respiratory failure, approach to idiopathic pulmonary hypertension and newer drugs, unusual interstitial lung diseases, respiratory muscle weakness, pulmonary embolism will be deliberated.

The venue is the beautiful resort of Holiday Inn located on the picturesque and secluded Mobar beach in South Goa. The property and its amenities (pool, gymnasium, jacuzzi, casino, pub, discotheque and the children's park) will be available to all at no extra cost.

The registration fees have been kept at an unbelievable low price and includes the 2 nights stay, all meals, airport/station transfers, invitation to the banquet and attendance to the academic meeting. Special rates have been offered to students to encourage their participation.

The schedule has a leisurely arrangement leaving ample time for you to hit the blues, the beach and the bottle ! Come and join the magic of respiratory medicine and the monsoons in Goa.

Dr. A A Mahashur
Mumbai
